

ALPHA

Rotational/Blow Molded Plastics

UPDATED 6/26/2019

Rotational Molded Plastics

Product Overview: Alpha Systems' state of the art rotational molder utilizes new production technologies resulting in higher quality finished product.

Capabilities: Finished parts as large as 100 gallons.

Composition: High impact chemically resistant polyethylene.

Certification: All tanks are TEI certified for use in reactional vehicles for both US and Canada.

Current Production Items:

- Fresh Water Tanks
- Holding Tanks (black or grey)
- Storage Compartment Liner
- Trunk Boxes
- Boat Seating
- Custom Molding

Blow Molded Plastics

Product Overview: Alpha Systems' revolutionary blow molded fresh water and waste water holding tanks are the most reliable in the industry.

Capabilities: Finished parts as large as 40 pounds.

Composition: High density polyethylene.

Certification: All tanks are TEI certified for use in recreational vehicles for both US and Canada.

Current Production Items:

- Fresh Water Tanks
- Holding Tanks (black or grey)
